

Cookie Policy

To make this site work properly and to improve the experience of using online applications, website CHE DELIZIA uses cookies. This document provides information related to the use of cookies and similar technologies, about how they are used and how to manage them.

Definitions

Cookies are part of a code installed within the browser which assist the chief of the service following the purpose described.

Cookie categories

Can be distinguished different categories by characteristics and use of cookies:

Technical and session cookies

CHE DELIZIA doesn't use cookies to transmit personal information or users' tracking systems.

Technical cookies are essential to the right performance of the site. Cookies content is strictly related to the transmission of session identifiers (casual laces generated by server) necessary to let the sure and proficient exploration. Cookies duration is strictly limited to the work session.

Session cookies used in this site potentially avoid the appeal to other prejudicial computer techniques for the reservation of the navigation of the consumers and don't allow the acquisition of personal data which can identify users.

Profiling cookies

Profiling cookies are used to create profile related to users. They are often use to send advertisements in accordance with preferences expressed by users navigating the internet. Such cookies are installed from third parts. The denominations of the third parts and the links to the related information document are available in the following paragraph.

In view of the particular invasiveness these cookies can have in the private sphere of users, European and Italian laws obligate to rightly inform costumers about their use, through a short reporting (banner) and an extensive one presents in the site; first time user has to express his/her explicitly agree with cookies.

Such agreement can be expressed in general terms, interacting with the short informative banner presents on the landing page of the site, with the formalities explained in such banner, or it can be furnished or denied in selective way, according to the formalities set out below. Over this agreement, trace is held in occasion of following visits. Nevertheless, the consumer always has the possibility to revoke in everything or partly the already expressed agreement.

Third parties' cookies

Visiting a website you can receive cookies from visited site ("owner cookies") and from sites managed by other organizations ("third parties"). An expressed example is represented by the presence of "social plugin" such as Facebook, Twitter, Google+, LinkedIn and Shareaholic. It deals

with parties of the visited page directly generated by that site and integrated in the page of the guest site. The most common use of social plugin is to share content on social network.

The presence of these plugin involve cookies transmission from and to all sites managed by third parties. The management of informations gathered by "third parties" is covered by related informative sheets, please see the informative.

In order to ensure greater transparency and convenience, please find hereafter websites of the different informative and the way to manage cookies.

Cookie management

Control through browser: common browser (such as Internet Explorer, Firefox, Chrome, Safari) accept cookies as default but this approach can be edited by user at any time. This is for PC and mobile devices like tablets and smartphones: it is a normally and widely supported function.

Inssofar, cookies can easily be disarmed or disabled entering to the options or to the preferences of the used browser and generally they can be blocked only cookies of third parts; in general line, such options will have effect only for that browsers and on that device, except that is active an options to unify the preferences on different devices. The specific instructions can be found in the page of options or help (help) of the same browser. The disable of the technical cookies, nevertheless, can influence the full and/or correct operation of different sites, included that of the writer.

Usually, browser today used:

provide "Do not track" options, which is supported by other websites (but not from all). In this way, certain sites could not gather this kind of information anymore; offer the option of anonymous or undercover navigation; in this way can't be collected data in the browser and won't be saved the chronology of navigation. Navigation data will be accessible to the manager of the visited website.

They allow to eliminate memorized cookies in everything or partly, but to the new visit to a web site they are generally installed, where such possibility is not stopped.
